

*“ Hope Community Clinic has given me just that: **hope**. After suffering from major depressive disorder and PTSD for decades, I was tired and sad, but therapy and a few tweaks in medication have helped me get to a great place, both mentally and physically. Thanks, HCC!” — J*

CLINIC**

EAST CHARLOTTE

2023 IMPACT REPORT

Our mission.

Serving our neighbors through comprehensive, trauma-informed, whole-person care to refugees and immigrants in Charlotte.

Our vision.

Restoring hope to our marginalized neighbors through exceptional, integrative care.

HOPE on full display.

We believe that Christ’s love compels us to change the world by serving our neighbors. **So Hope Community Clinic is more than a doctor’s office.**

When our neighbors — immigrant, refugee, or survivor — walk through our doors, they’re met with mental health, medical, and case management providers working side-by-side on their behalf.

We exist to be a beacon of HOPE for the people who have had the door slammed in their face time and time again. And it is all because you, our neighbors, are living in response to the command to love them as yourself. Moving into a larger space and growing our team has allowed our mission to thrive. **Here’s to putting hope on full display for every family who walks through our open doors.**

“I want to say thank you for your patience and consistency with me as a client... even though I’m the opposite of patient and consistent. You’ve been the best addition to my life since 2021. I’ve learned so much about myself while being your client.” — KE

The force of HOPE.

From chronic care management to behavioral health intervention, we offer extensive, trauma-informed services for our patients. Since expanding our space last year, here is the impact of hope on full display:

2,466

clients served

5,690

counseling appointments

5,529

medical appointments

3,650

case management hours of service

\$2,512,200

value of care provided

“I started incorporating mental health Wednesdays with friends and having them use ‘I am’ statements.” — NK

Where HOPE is headed.

We are honored to dream with you about all that is to come for Hope Community Clinic. Here are our needs for the next year:

1. Expand our social work department to address the increasing social determinants facing our communities' health
2. Provide on-site immunizations for our patients
3. Renovate the dental suite to provide much-needed dental care

“The peer support program has helped me open so many doors and see things differently. I could see myself being a part of Hope Community because it aligns with all that I believe in.” — TW

Your donation has made an incredible impact in providing hope through integrative care for each person we see. Here are ways you can continue your investment:

Donate.

Help us update the on-site suite and bring dental services directly to our communities.

Pray.

Patients and their families need intercessory prayer as they navigate through the adversities that impact their health and well-being.

Learn.

Provide hope with us by visiting our website at hopeeastclt.com.

HOURS OF OPERATION
MON - FRI: 9AM - 5PM

“A few people at Hope saved my life and have always been there for me when I lost my job and insurance. Thank you!” — RB
